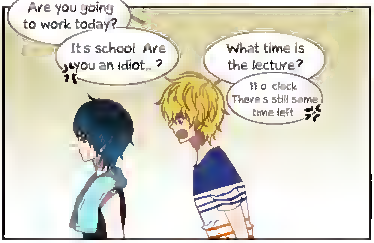
Huaa~ I haven't slept so soundly in a while
I pulled my neck Hey Do you have any honey tea?



(TN: In Korea, Sogaeting's like the Japanese gouken
A group of boys and girls arrange to go on a group date.)

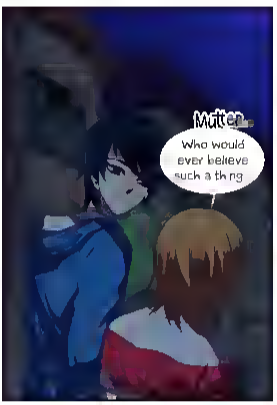
Last night.

GHOST?!
Yeah. My friend Gaon wasn't really a human...

Ghost.
Ghost

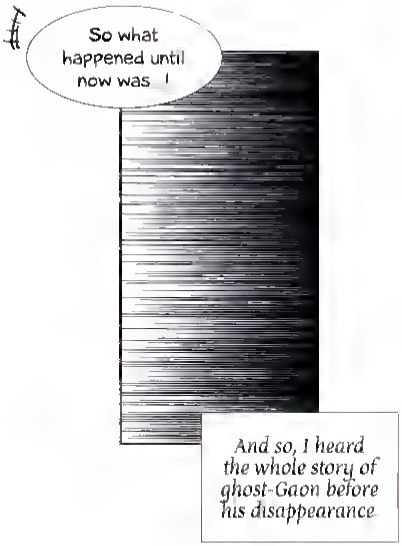
Like this?
You could say that.

It's a ghost friend
In the end it's impossible to believe, isn't it?



Mutter...
Who would ever believe such a thing

No I believe you
Really?



So what happened until now was !
And so, I heard the whole story of ghost-Gaon before his disappearance

But people who hear this would usually say it's nonsense.
whoooosh
If it's true, it explains everything that has happened up until now

It's a weird story, but do you want to hear it? I don't know if you'd believe it.
Tell me!
Why are you so adamant about it?
Remember I said that I was at the hospital for a long time after the accident I had when I was a high school student.

If I remember correctly, there was a necklace that I got as a gift from someone.
I lost it one day.

Maybe it was raining that day. I think I lost it back then.

After that, I forgot about it.

But then I saw a kid from a different ward wearing the same necklace.

It was definitely my necklace. But we-irdly enough...
When I looked at the necklace or even got near it my head would start hurting
throb
throb
Since my head hurt so much because of the necklace, I was going to steal it
After that, I was going to dispose of it

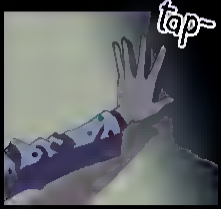
I don't know if he was on the same floor as me but my head hurt all day
I was frustrated, so I went to the rooftop every night to cool my head, but...
Why did he come up to the rooftop when it's dark?
It's dark...
Is he fooling around with his friends?

Ack!
Slip-

The kid slipped on the stairs.

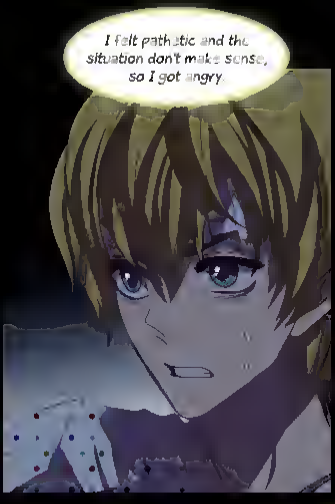
GRAB-

My head suddenly rang so I let go of the kid and it hurt so much that I ran away



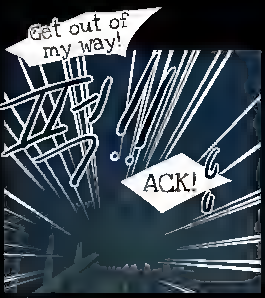
It was definitely...

...because of the necklace
It was my necklace. It scared me
I thought it was cursed

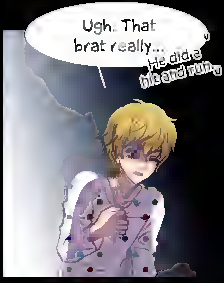


My heart was filled with the thought of stealing it quickly and throwing it far away

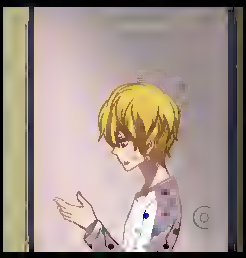
There were plenty of chances after that to get the necklace. I even threatened him



SFX: Punch



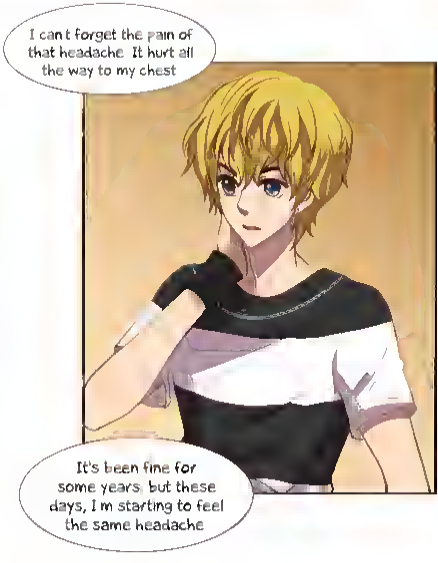
Luckily the middle school student left the necklace behind, so I picked it up again



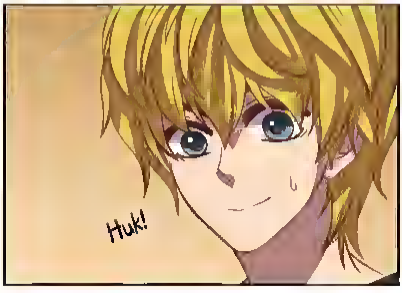
I have to throw it
away. But-.

Who gave it to me again?

I definitely felt that it was mine, but I couldn't remember.
throw-!
clatter-
I felt bad

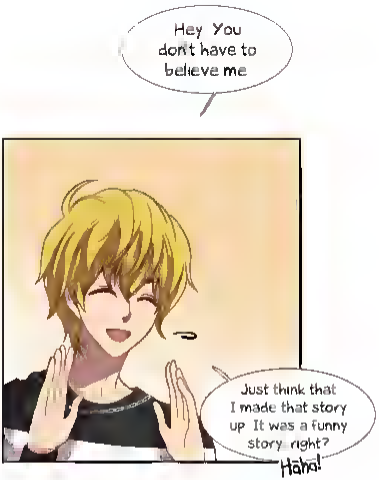


I can't forget the pain of that headache. It hurt all the way to my chest
It's been fine for some years, but these days, I'm starting to feel the same headache



Huk!

blank
.....



Hey You don't have to believe me
Just think that I made that story up It was a funny story, right?
Haha!

Necklace Headache
His head hurt when ever he got near it and recently it started to hurt again ?

Ghost-Gaon took the necklace and disappeared
So Ghost-Gaon might be in the charnel house that Gaon said he went to
The recent headaches.

Does that mean Ghost Gaon is nearby..?

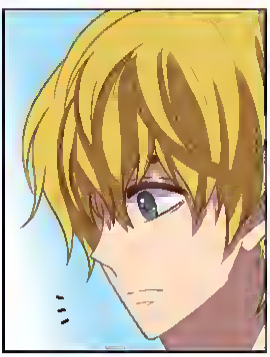
Want some medicine?
No. The pain's gone down.

If you're ever in pain, don't take medicine on an empty stomach
Okay.
Are you my mom?!



Huh. It's the kid from last time She really does live next door

Well, she has nothing to do with me

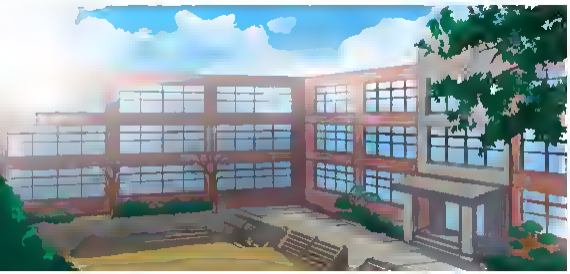
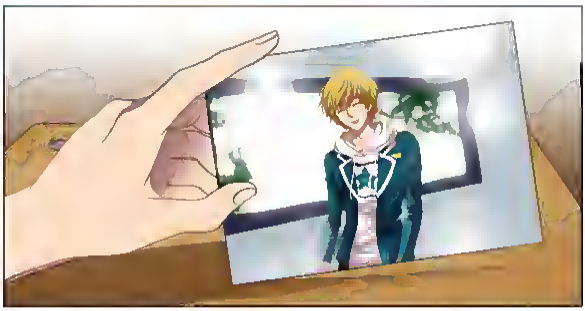
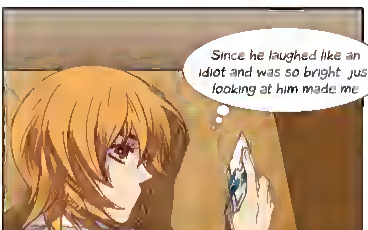
-Chapter 74
I'm Sorry

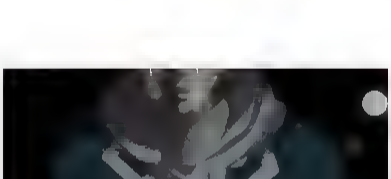


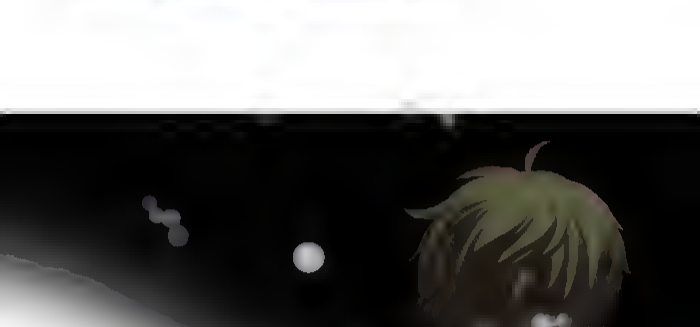


Please play with me.
When we first met, I was confused, scared and panicked.
So play with me
I was annoyed so I even threw the necklace away once

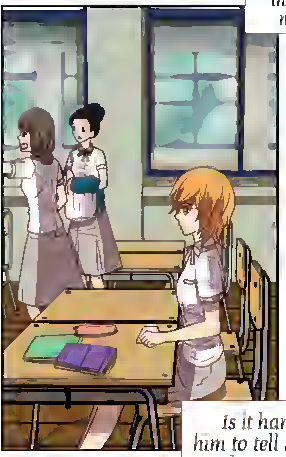


Since he laughed like an idiot and was so bright just looking at him made me





What kind of past did he have? What kind of situations was



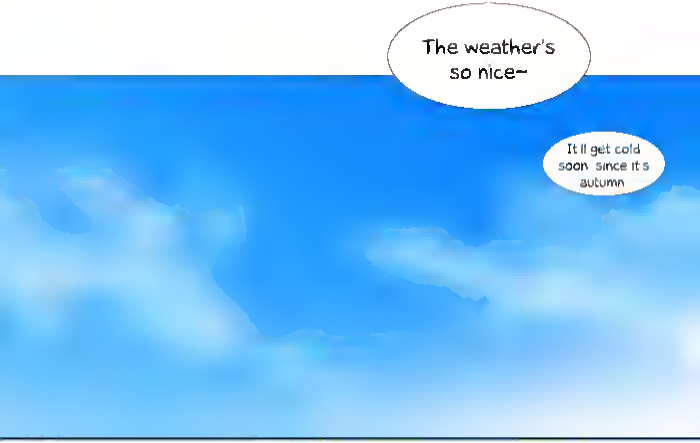
„That he would disappear like that. Making me worry..
Is it hard for him to tell me what happened?

Even so...

Haram!
It's PE next! Why are you spacing out like that?
Huh? Oh

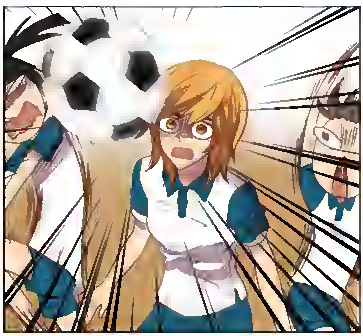
You know that next class is your practical exam? Today we will practice volleyball!
Can we play Soccer?
No, we're practicing
SOCCER!!!!
SOCCER!!!
Hey

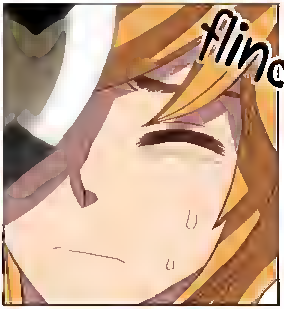
Ugh. Those idiots. They went to play soccer by themselves while we sit in a corner and do nothing
But at least we would only play for 20 minutes and go to rest after this
But anyway, wow



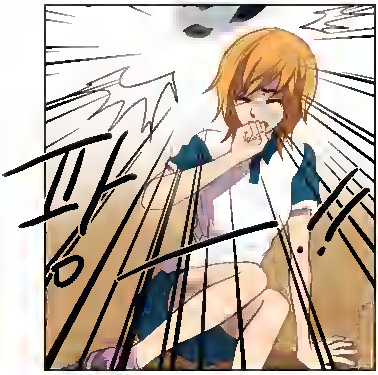
The weather's so nice~
It'll get cold soon since it's autumn

Wow, the sky is really high...
Really high...?





flinch



SFX: Whack !!!
